A TRIBUTE TO THE MUSIC OF THE BEATLES

# THE REVOLUTION 5

**The Revolution 5 is Minnesota's premier Beatles Tribute. Since its inception in 2010, the group has played an array of venues across the Midwest. Their extensive set list includes hours upon hours of Beatles tunes and boasts virtually every chart-topping hit sprinkled with a handful of deeper tracks for the true enthusiast. Rather than distract audiences with mop tops or an impersonation act, the group instead chooses to divert their focus to recapturing the unforgettable sound and energy of a live Beatles performance through uncanny attention to detail and use of period instruments.**

**In addition to the traditional concert presentation, The Revolution 5 also offer fans an opportunity to celebrate the Beatles legacy through an ongoing series of distinctly unique theater-based shows. Featuring some of the most masterfully crafted songs in the history of Rock 'n' Roll, each performance is laced with carefully selected video footage to visually enhance the experience, instantly transporting audiences back to the 60's and providing a bit of Fab Four history along the way.**

**The Revolution 5 promise to impress fans and critics of all ages, offering a Beatles experience with a sound and spirit that is truly second to none.**

The Revolution 5 shattered attendance records with their theater debut. Since then, they have developed a long line of themed shows, within the Beatles catalogue. Some examples of shows that the band has performed include:

The audience then follows the group as they forsake the road for the recording studio, further developing their song craft and bringing us their later recordings, with the new instrumentations that developed from further and more varied influences

### **They Started Playing That Rock and Roll Music: The Beatles Live!**

Bringing their own unique energy to the show, the lads will take you through some of the most pivotal concert moments in the career of The Beatles, starting with the days of playing Hamburg all the way through the final concert on the rooftop of Apple studios. Don't miss this opportunity to feel the energy of a live Beatles performance and not only hear the Beatles music that inspired generations, but also hear the music that inspired The Beatles!
